

# certificate in intuitive Astrology

1 year program. Starts February 2019

## overview 2019

### What is intuitive astrology?

There is a pulse and a rhythm in this world that has always been. Intuition is a clarity that arises from within – an unequivocal knowing.

Intuitive Astrology synthesises these two qualities.

Throughout this course, we will identify, develop and enrich your intuitive nature to facilitate and strengthen self-trust.

We will explore the poetic rhythm of the planets through the zodiac and discover how our stories are mirrored in the rich symbolism of Astrology.

You will be oriented to the cycles of the universe: moon, season and planetary, to cultivate reverence for an ensouled life.

### Who is this course for?

This course is for anyone with the desire to learn more deeply about their nature, human nature or nature itself, for personal or professional gain.

Perhaps you are curious about your behaviour, your motivations and how they differ to others' including your loved ones? The birth chart is a map and with the wisdom of Astrology you can perceive your story through a symbolic lens that can assist you to navigate your life with greater consciousness.

### What makes this course unique?
