Subjects

Reiki 1

Do you wish to experience more joy, love and compassion? The healing art of Reiki teaches us to work in balance and harmony with the Universal Life force, allowing energy to flow through us and be of benefit unconditionally to self, others, animals and our environment. Reiki is much more than a therapeutic tool, it is a path of self-empowerment, a spiritual journey inviting us to be deeply centred in the heart. Practicing Reiki we develop greater connection with our true nature. As you radiate love and joy, it allows others to connect with their own love, joy and healing.

Pre-requisites: nil

Facilitator: Jacqui Bushell

Reiki 2

Part 2 builds on Reiki 1, helping you develop greater awareness of the Oneness of being, our connection with All that is, in a profound space of unconditional love. Further enhance your Reiki skills for yourself or within a therapeutic setting and as a path of spiritual development. In this course we explore the meaning and application of the traditional Reiki symbols, as taught by Mikao Usui. These symbols are tools supporting clear focus and intent. Through practical experience, meditation and chi moving exercises, participants will learn about distant healing for self, others, situations, 'space clearing' and continue their 'hands-on' healing work.

Topics include:

- Meditation
- The role of the Reiki symbols as energetic mandalas.
- Reiki Level II attunement.
- Connecting and working with the Reiki II symbols
- What is distant healing and how does it work?
- Practical exercises in distant healing for others
- Working with Mikao Usui's exercises to support conscious chi movement through the body
- Broadening the applications of distant healing to self and personal development work, situations, animals, children, world events, environments
- Practical exercises

Pre-requisites: Reiki 1

Facilitator: Jacqui Bushell

Reiki Circles

Reiki Circles may be commenced after completion of Reiki 1 and are held over one evening. They offer an opportunity to practice your Reiki healing and glean guidance as you hone your craft. A min of 2 circles must be attended.

Reiki Master

This workshop is a profound deepening of the Reiki experience. Working with Reiki is a spiritual practice, which assists us in developing greater compassion and acknowledging our oneness with all. Connecting closely with the original philosophy of Dr Mikao Usui this workshop incorporates meditation, energetic healing practices and chi moving exercises. The four Reiki symbols will be explored and their relationship with the Reiki attunement. You will learn and practice the Reiki attunement process, understanding the effect of conferring attunements for self and others and supporting its integration. There is also a focus on understanding what is involved in facilitating a Reiki Workshop.

**Reiki 2 or Reiki Master attended at Awareness Institute can be used as an elective option for the Diploma of Energy Healing.
